An Examiner's Amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 C.F.R. §1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the Issue Fee.

The following paragraph was added to the disclosure as the first paragraph following the title at page 1:

-- This application is the national stage application filed under 35 U.S.C. §371 of PCT International Application No. **PCT/CN04/00276** filed on March 29, 2004, and which claims priority from the Chinese Patent Document No. **03108279.3**, filed March 27, 2003. --

The claims have been amended as follows:

In claim 5 at line 4, the term "administering a patient" was amended to read -- administering to a patient --.

In claim 6 at line 2, the term "of an injectable form" was amended to read -- in an injectable form --.

Authorization for this Examiner's Amendment was given in a telephone interview with Alan E. Schiavelli on November 14, 2007.

The following is an Examiner's Statement of Reasons for Allowance:

Applicant has amended the instant claimed subject matter to a scope reasonably enabled by the instant specific embodiments, and therefore the rejection of record citing 35 U.S.C. §112, first paragraph, has been overcome. The cancellation of claims and the limitation of the remaining claims to a method of treatment have rendered the remaining rejections of record moot. Therefore, examiner finds that the claims as amended are allowable.

The inconsistency between the declaration and the bibliographic data sheet has been resolved by correction of the data sheet to conform to the declaration. A signed copy of the amended bibliographic data sheet wherein all three inventors are now named has been provided herewith.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
